

TAKLA NATION

HEALTH ▪ PROSPERITY ▪ TRADITION

Dear Post Secondary Students of Takla Nation

The Post secondary department is undergoing some changes in the near future, and we will be upgrading our ability to service your applications as well as funds allocations throughout the year.

Our current deadline of 28 May, 2021 is a critical date for a number of reasons, and we extended the cut off this year by one week to ensure that you would be able to get the documentation in on time.

Once we have received your application, there is a two-step process that will occur. First, we will acknowledge receipt of your application, and second, we will forward a list of names to Chief and Council for review and consideration for the Fall, Spring and Summer courses for 2021-2022.

It is our intention to have the budget and funding secured as quickly as possible, so planning your year will be of great help in getting us there.

We also realize the effects that Covid 19 is having and some of the challenges that Post Secondary schools are having around a September start date. We will continue to work with you and support the programs as then roll forward. In addition, if applications are incomplete, we will reach back and work with you to bring them current.

If at any time you have any questions, please feel free to reach out and we will do our best to answer your questions.

You all are the future of Takla Nation!

Regards

Scott Hickling
