

TAKLA NATION

HEALTH ■ PROSPERITY ■ TRADITION

Dear Post Secondary Students of Takla Nation

The Post Secondary Education Department is undergoing some changes in the near future, and we will be upgrading our ability to service your applications as well as funds allocations throughout the year.

Please note and be aware of our current deadlines: 10 May 2024 is a critical date for a number of reasons. LATE applications may not be considered. Two Early bird prizes for early submission, cut off date will be April 19, 2024, to be considered for prize.

Once we have received your application, there is a two-step process that will occur. First, we will acknowledge receipt of your application, and second, we will forward a list of names to Chief and Council for review, consideration, and approval for the Fall, Spring and Summer courses for 2024-2025.

It is our intention to have the budget and funding secured as quickly as possible, so planning your year will be of great help in getting us there. If any seat deposit, please pay and submit receipt for reimbursement.

We will continue to work with you and support the programs as then roll forward. In addition, if applications are incomplete, we will reach back and work with you to bring them current.

If at any time you have any questions, please feel free to reach out and we will do our best to answer your questions.

You all are the future of Takla Nation!

Regards

Holly West
